ACKNOWLEDGEMENT: PHOTOGRAPHY CREDITS

The excellent photographs that appeared in "An Atypical Ampicillin Rash in Infectious Mononucleosis: Case Report," by Drs. Kerr, Futterman, Rigtrup, and Brook (*Clin Pro CHNMC* 36: 189-193, 1980) were provided by Andrew M. Margileth, M.D. former Director of the Outpatient Department, CHNMC.

The editors thank Dr. Margileth for his contribution to the article and apologize for having failed to give him credit for the photographs at the time of their publication.

SUBJECT INDEX TO VOLUME 36*

- Abstracts of recent staff publications, 42
- Acute pyogenic sacroiliitis, case report (Wilmot, et al), 27
- Address to graduates (Greenberg), 23
- Adolescent pregnancy in the District of Columbia (Jenstrom), 304
- Adolescent pregnancy programs:
- Comprehensive Health Care Program at Adams Morgan Clinic (Jones, Ehrnman), 314
